

## SUMMARY OF THE PUBLIC PARTICIPATION PROCESS

This section of the report is included in compliance with the Regulations. Public participation is an integral part of the EIA process, and affords potentially interested and potentially affected parties (I&APs) an opportunity to participate in the EIA process, or to comment on any aspect of the development proposals.

Other relevant considerations regarding the public participation process being undertaken for this project are that:

- The public participation process being undertaken for this project complies with the requirements of the Regulations.
- The description of the public participation process included in sections below itemises the steps and actions undertaken.

Adverts were placed in the following newspaper:

- Swartland Gazette on the 14 December 2018.

The notice boards were placed on site from 30 November 2018.

The Pre-Application Basic Assessment Report **will be sent** to the following key Departments:

- CapeNature
- DEA&DP Pollution and Chemicals Management
- DEA&DP Waste Management
- Department of Agriculture: Western Cape
- Department of Water and Sanitation
- Heritage Western Cape
- Swartland Municipality
- West Coast District Municipality

Fifty-nine (59) notices were sent via registered mail on 04 December 2018 owners and occupiers of land adjacent to the site where the activity is undertaken. The notice requested them to register as Interested and Affective Parties (I&APs) and invited them to provide written comments together with the above reference number, their name, contact details and an indication of any direct business, financial, personal or other interest which they have in the application to the contact person indicated below within 30 days from the date of this notice. The notice also requested the owner to inform all persons residing on the property.

## STEPS TAKEN TO NOTIFY POTENTIALLY INTERESTED AND AFFECTED PARTIES

This section of the report is included in compliance with the Regulations.

Potential I&APs were notified about the project by:

1. Fixing a notice board at the boundary of the site in compliance with the Regulations. All relevant and required information was displayed on the notice board. The notice board contained the following minimum information (Size of Board 70 x 50 cm):
  - how to register as an interested and affected party;
  - the manner in which representations on the application may be made;
  - where further information on the application or activity can be obtained; and
  - the contact details of the person(s) to whom representations may be made.The fact that the public participation process had commenced, that a basic assessment process will be followed, the dates within which they can register or send comments and what the proposed activity constituted, was displayed.

Photos of the notice board are included. The notice board was placed on site on 30 November 2018.
2. Giving written notice to owners and occupiers of land adjacent to the site where the activity is to be undertaken, the municipal councillor of the ward within which the site is located, the local municipality and those organs of state having jurisdiction in respect of any aspect of the project as required by the Regulations. Fifty-nine (59) notices were sent via registered mail on 04 December 2018 owners and occupiers of land adjacent to the site where the activity is undertaken.
3. Placing an advertisement in a local newspaper in compliance with the Regulations. An advert was placed in the Swartland Gazette on the 04 December 2018 notifying the public of the development and inviting them to register as Interested and Affected Parties by within 30 days.
4. Lists of Identified and Registered Interested and Affected Parties  
This section of the report is included in compliance with the Regulations. This list includes the potential as well as the registered Interested and Affected Parties. The list of parties who were identified as potential I&APs as per the requirements of the Regulations and the list of parties who requested registration as an I&AP, and who are registered on the I&AP database for the project as required in terms of the Regulations were included. A Comments and Response Report from registered I&AP's will be included.
5. Workshop with Key Role players  
Meetings with the Darling local community were held on 13 December 2018; 30 July 2018 and 11 June 2018. Please note that the EAP was not involved in these meetings and it was not part of the EIA process. However, these attendance registers and minutes and comments were submitted to the EAP for the EIA process and hence have been included.

**NOTICE SENT TO NEIGHBOURS**  
**PROPOSED INFILL RESIDENTIAL DEVELOPMENT ON ERVEN 551, 950, 798, 1022 AND ERVEN 784,**  
**DARLING**  
**DEA&DP REFERENCE NO: 16/3/3/6/7/1/F5/5/2209/18**

Notice is given of the public participation process commenced by Swartland Local Municipality for the Proposed Infill Residential Development on Erven 551, 950, 798, 1022 and Erven 784, Darling.

**Location:** Erven 551, 950, 798, 1022 and 784, Darling

The site is located directly west of Clarendon Street and Maitland streets on the north western periphery of Darling.

**Listed Activities:**

Activity No(s):	Provide the relevant <b>Basic Assessment Listed Activity(ies)</b> as set out in <b>Listing Notice 1</b> (GN No. R. 983, as amended by GN 327)
27	The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation, except where such clearance of indigenous vegetation is required for- (i) The undertaking of a linear activity; or Maintenance purposes undertaken in accordance with a maintenance management plan.
Activity No(s):	Provide the relevant <b>Basic Assessment Listed Activity(ies)</b> as set out in <b>Listing Notice 3</b> (GN No. R. 985, as amended by GN 324)
12	The clearance of an area of 300 square metres or more of indigenous vegetation except where such clearance of indigenous vegetation is required for maintenance purposes undertaken in accordance with a maintenance management plan. <b>i. Western Cape</b> i. Within any critically endangered or endangered ecosystem listed in terms of section 52 of the NEMBA or prior to the publication of such a list, within an area that has been identified as critically endangered in the National Spatial Biodiversity Assessment 2004; ii. Within critical biodiversity areas identified in bioregional plans; iii. Within the littoral active zone or 100 metres inland from high water mark of the sea or an estuarine functional zone, whichever distance is the greater, excluding where such removal will occur behind the development setback line on erven in urban areas; iv. On land, where, at the time of the coming into effect of this Notice or thereafter such land was zoned open space, conservation or had an equivalent zoning; or v. On land designated for protection or conservation purposes in an Environmental Management Framework adopted in the prescribed manner, or a Spatial Development Framework adopted by the MEC or Minister.
15	The transformation of land bigger than 1000 square metres in size, to residential, retail, commercial, industrial or institutional use, where, such land was zoned open space, conservation or had an equivalent zoning, on or after 02 August 2010. <b>Western Cape</b> i. Outside urban areas, or ii. Inside urban areas: iii. (aa) Areas zoned for conservation use or equivalent zoning, on or after 02 August 2010; iv. (bb) A protected area identified in terms of NEMPAA, excluding conservancies; or

	(cc) Sensitive areas as identified in an environmental management framework as contemplated in chapter 5 of the Act as adopted by the competent authority
Activity No(s):	Provide the relevant <b>Scoping and EIR Listed Activity(ies)</b> as set out in <b>Listing Notice 2</b> (GN No. R. 984)
N/A	
Activity No(s):	Provide the relevant <b>Category A Waste Management Activity(ies)</b> as set out in List of <b>Waste Management Activities (GN No. R. 921)</b>

**TABLE 3: COMMENTS AND RESPONSES TABLE – NID / REGISTRATION PERIOD**

Ref	STAKEHOLDER/IAP	DATE	COMMENT	RESPONSE
1	DEA&DP: DM (Region 1)	21 November 2018	<p>3. You are hereby advised that only those activities applied for will be considered for authorisation. The onus is on the applicant to ensure that all the applicable listed activities are applied for and assessed as part of the EIA process. Failure to include any applicable listed activity may result in the refusal of your application.</p> <p>4. This Directorate notes that you do not intend to apply in terms of the National Exemption Regulations, 2014 (as amended), for exemption from any provisions contained in the NEMA and the EIA Regulations, 2014 (as amended). Please note that should you fail to meet a requirement of the Regulations or the NEMA and if no exemption from that provision was applied for, your application may be refused.</p> <p>5. Be advised that in terms of the EIA Regulations, 2014 (as amended) and the NEMA. The investigation of alternatives is mandatory. All alternatives identified must there be investigated to determine if they are feasible and reasonable. In this regards it must be noted that this Department may grant authorisation for an alternative as if it has been applied for or grant authorisation in respect of all or part of the activity applied for as specified in Regulation 20 of GN NO.R. 982 of 4 December 2014 (as amended). Alternatives are not limited to activity alternatives, but include layout, design, activity, site, operational and technology alternatives.</p> <p>6. You are hereby reminded that it is mandatory to investigate and assess the option of not proceeding with the proposed activity (i.e. the “no-go” option) in addition to other alternatives identified. Every EIA process must therefore identify and investigated alternatives, with feasible and reasonable alternatives to be comparatively assessed. If, however after having identified and investigated</p>	<p>Noted.</p> <p>Correct.</p> <p>Noted. Alternatives on the property were considered. Infrastructure and the water course to the west was taken in consideration. The urban edge that was approved was also taken in consideration. The erven layout was designed and placed to link to existing services, falls inside the urban edge approved and</p>

			<p>alternatives, no feasible and reasonable alternatives were found, no comparative assessment of alternatives beyond the comparative assessment of the preferred alternative and the option of not proceeding is required during the assessment. What would, however, be required in this instance is proof that the investigation was undertaken and motivation indicating that no reasonable or feasible alternatives other than the preferred option and the “no-go” option exist.</p> <p>7. In terms of good environmental practise you are encouraged to engage with State Departments and other Organs of State in the pre-application phase or early in the EIA process to solicit their inputs on any of their requirements to be addressed in the EIA process. Please note that this does not replace the requirement of making the reports available to State Departments as stipulated above.</p> <p>8. The person conducting the Public Participation Process must fulfil the requirements outlined in Chapter 6 of the EIA Regulations, 2014 (as amended), and must take into account any applicable guidelines published in terms of Section 24J of the NEMA, this Department’s Circular EADP 0028/2014 on the “One Environmental Management System” and the EIA Regulations, 2014 (as amended), as well as any other guidance provided by this Department.</p> <p>9. In accordance with Section 24N of the NEMA and Regulation 19, this Department hereby requires the submission of an Environmental Management Programme (“EMPr”). The contents of such as EMPr must meet the requirements outlined in Section 24 N of the NEMA (as amended) and Regulation 19 of the EIA Regulations, 2014 (as amended). The EMPr must address the potential environmental impacts of the activity throughout the project life cycle, including an assessment of the effectiveness of monitoring and management arrangements after implementation (auditing). The EMPr must be submitted together with the Basic Assessment Report. This Department would like to advise that in compiling the EMPr, this</p>	<p>avoid the water course and sensitive terrestrial ecological areas as was assessed and incorporated into the approval of the urban edge process.</p> <p>Noted. The relevant state departments will be afforded a 30-day comment period on all the reports.</p> <p>Noted. The guidelines will be followed.</p> <p>Noted. Will be included in the documents send for 30-day comment and as part of the documents submitted for approval.</p>
--	--	--	--	--

			<p>Department's Guideline for Environmental Management Plans (June 2005), available on this Department's website must be taken in account.</p> <p>10. You are referred to Appendix 1 of GN NO.R. 982 of 4 December 2014 (as amended), for the requirements with respect to the content of basic assessment reports.</p> <p>11. Please ensure that all specialist reports (if applicable) contain all information set out in Appendix 6 of GN NO. R 982 of 4 December 2014 (as amended).</p> <p>12. In terms of the EIA Regulations, 2014 (as amended), when considering an application, this Department must take into account a number of specific considerations including inter alia, the need for and desirability of any proposed development. As such, the need for and desirability of the proposed activity must be considered and reported on in the Basic Assessment Report. The Basic Assessment Report must reflect how the strategic context of the site in relation to the broader surrounding area, has been considered in addressing need and desirability.</p> <p>13. In addition to the above, you must clearly show how the proposed development complies with the principles contained in Section 2 of the NEMA and must also show how the proposed development meets the requirements of sustainable development.</p> <p>It is prohibited in terms of Section 24F of the NEMA for a person to commence with a listed activity unless the competent authority has granted an environmental authorisation for the undertaking of the activity. Failure to comply in terms of this prohibition will result in the matter being referred to the Environmental Law Enforcement Directorate of this Department for possible prosecution. A person convicted of an offence in terms of the above is liable for a fine not exceeding R5 million or to imprisonment for a period not exceeding 10 years or to both such fine and imprisonment.</p>	<p>Noted. The requirements in terms of the content will be followed.</p> <p>Noted. Will ensure that all specialist meet the requirements.</p> <p>Noted. The Basic Assessment Report will reflect how the strategic context of the site in relation to the broader surrounding area was incorporated.</p> <p>The reports will clearly show how the proposed development complies with the principles contained in Section 2 of the NEMA are met.</p> <p>Noted.</p>

10	Swartland Municipality Swartland's	21 June 2018	Die ruimtelike beplanning van hierdie betrokke ontwikkeling word identifiseer in die Ruimtelike Ontwikkelingsraamwerk (ROR) van Darling. Die ROR het 'n volledige publieke deelname proses ondergaan, waarvan publieke vergaderings in 2016/2017 deel gevorm het alvorens dit in Mei	The Swartland Municipality confirmation of following formal process which included

	<p>response to the community</p>		<p>2017 deur die Raad van Swartland Munisipaliteit goedgekeur is. Gevolglik is die gemeenskap van Darling daarvan bewus gemaak dat die betrokke gedeeltes grond vir toekomstige residensiele gebruike ontwikkel gaan word. Die betrokke grondgebruiksaansoek is dus die uitvoering van die ruimtelike beplanning van Darling.</p> <p>U reaksie gedurende die publieke deelname proses van die onderwerp aansoek is ook bewys dat Swartland Munisipaliteit die gemeenskap ken in die grondgebruiksproses.</p> <p>Die Provinsiale Departement van Omgewingsake en Ontwikkelingsbeplanning is reeds gekontak rakende 'n aansoekproses ingevolge die NEMA: EIA Regulasies. Die Departement het alle kwessies identifiseer wat Swartland Munisipaliteit sal ondersoek in 'n volledige omgewingsimpakstudie. Tans moet 'n omgewingskonsultant, wat die aansoekproses namens die munisipaliteit sal hanteer, nog aangestel word. Die NEMA: EIA Regulasies aansoek bevat ook 'n publieke deelname proses waartydens die gemeenskap van Darling ook geken sal word. Gedurende die omgewingsimpakstudie sal alle moontlike kwessies (bv. gesondheidsuitdagings en die vleiland gebied) evalueer en aangespreek word.</p> <p>U is welkom om te skakel met die Wyksraadslid van Wyk 5, Mnr M Rangasamy, ten einde 'n agendapunt op die volgende Wykskomitee vergadering van 24 Julie 2018 te plaas ten einde meer inligting rakende die grondgebruiksaansoek en die vordering van die NEMA: EIA Regulasies aansoek te verkry. Alternatiewelik is u welkom om die kantore van Swartland Munisipaliteit te besoek en in gesprek te tree met die Afdeling: Stadsbeplanning wat alle relevante inligting aan u sal verskaf</p>	<p>public participation to approved the SDF which include this development and response to the community comments above is noted.</p>
--	----------------------------------	--	--	---

11	<p>Swartland Municipality</p> <p>Swartland's response to the community Grievance</p>	11 December 2018	<p><b>FEEDBACK - COMMUNITY OF DARLING "GRIEVANCES"</b></p> <p><b>1. LACK OF PROGRESS REGARDING TRANSFORMATION AS ONLY WHITES AND COLOUREDS ARE PROMOTED WITH SPECIFIC REFERENCE TO THE LACK OF XHOSA SPEAKING LAW ENFORCEMENT OFFICIALS IN DARLING</b></p> <p>The stable environment of Swartland Municipality ensures that employees have stable careers and therefore vacancies at the higher occupational levels are seldom available, in large numbers in order for Swartland Municipality to appoint persons from the designated groups (i.e. black people), in other words there is a very slow labour turnover. The Recruitment and Selection Policy of Swartland Municipality prescribes that the employer shall take steps to promote equal opportunity in the workplace by eliminating unfair discrimination in any employment policy or practice. Affirmative action measures have been implemented for people from designated groups to be employed in vacancies. In the Employment Equity Plan, goals and targets were set for the employer to reach with regard to employment equity in the workplace according to the demographic composition of the Western Cape, stating that the municipality should ideally consist of 18.1 % African Males, 17 .6% African Females, 23.0% Coloured Males, 24.5% Coloured Females, 7.8% White Males and 8.2% White Females. The current composition is 10.2% African Males, 1.6% African Females, 55.7% Coloured Males, 19.3% Coloured Females, 7.1 % White Male and 6% White Females. From these figures, it is clear that Swartland Municipality already employs too many Coloured Males, but still need to appoint African Males, African Females and Coloured Females as they are underrepresented. White Males and Females are slightly under represented in the municipality. It is however a great challenge to change the composition of the employees in order to have representation according to the ideal composition, across all occupational levels.</p>	<p>The Swartland Municipality confirmation of following formal process which included public participation to approved the SDF which include this development and response to the community comments above is noted.</p> <p>These responses will be included in the application documents.</p>
----	--	------------------	---	--

			<p>1.2 Swartland Municipality also experiences difficulty to recruit the necessary qualified skilled candidates from designated groups for scarce and critical skills, e.g. suitably qualified electricians from across the racial spectrum are very scarce. We are however also busy training existing employees in the scarce skills in order to develop and promote these employees. Training is however not a quick fix and takes quite a long time for the employees to finish their qualifications in order to be suitably qualified. This is a long term project and we have had some successes, namely having trained two African Males who became qualified electricians, of which one is now employed as an Electrician. The other employee unfortunately left our service to work at Eskom.</p> <p>1.3 The Recruitment and Selection Policy prescribes that the employment equity targets must be taken into account in the filling of vacancies, and it is hereby confirmed that this does take place. Candidates from designated groups who apply for advertised positions are shortlisted based on the agreed selection criteria as indicated in the advertisement (based on the job description) and interviewed. The candidate who passes the interview with the highest mark above a minimum of 60% will be appointed in the position. Where suitable candidates from the under-represented designated groups cannot be recruited, appointments are made on merit, therefore in some cases appointments are made of candidates in over representative designated groups.</p> <p>1.4 Since January 2018 21 employees were appointed at Swartland Municipality, of which 1 post in Darling (Librarian) and 2 posts in Yzerfontein (General Worker and Caravan Park Attendant). The demographic composition of the appointments is as follows:</p> <table border="1" data-bbox="833 1238 1608 1385"> <thead> <tr> <th>Number</th> <th>Race</th> <th>Gender</th> <th>Towns</th> </tr> </thead> <tbody> <tr> <td>5</td> <td>African</td> <td>Male</td> <td>Malmesbury, Yzerfontein, Swartland</td> </tr> </tbody> </table>	Number	Race	Gender	Towns	5	African	Male	Malmesbury, Yzerfontein, Swartland	
Number	Race	Gender	Towns									
5	African	Male	Malmesbury, Yzerfontein, Swartland									

				(Traffic & Law Enforcement)		
			9	Coloured	Male	Malmesbury, Moorreesburg, Riebeke, Swartland (Traffic & Law Enforcement), Yzerfontein
			5	Coloured	Female	Malmesbury, Swartland (Traffic & Law Enforcement)
			1	White	Male	Malmesbury
			2	White	Female	Malmesbury, Darling
		<p>1.5 With regards to the appointment of African candidates at the Traffic and Law Enforcement Division, it is hereby confirmed that the Traffic and Law Enforcement Division consists of 36 members of whom there is 1 African Female and 4 African Males in service. Attempts are continuously made to appoint African candidates to vacancies in terms of the Employment Equity Plan. At the last round of interviews in 2018 for Traffic &amp; Law Enforcement Officer only 3 African Male candidates applied for the post of which 2 African candidates met the minimum requirements and were invited to the interviews. Both African Male candidates were appointed in the two vacancies available.</p> <p><b>2. NEED FOR TAXI RANKS AND PARKING AREA</b></p> <p>Traffic and Law Enforcement had a meeting with the Darling Taxi Association on 28 November 2018 regarding a few taxi related issues. One of the issues was a Taxi rank. They are currently making use of demarcated bays in Pastorie Street as per attachment (Annexure 1).</p>				

			<p>They have requested that the mentioned street to be changed to a one way. This request, from a Law Enforcement perspective, will not be practical due to the fact that there is way too many other traffic making use of this road. The upgrading of the facilities is subject to the IDP and budget process. Currently it does not form part of the area plan. This need will have to be included in the IDP and the ITP (Integrated Transport Plan). Swartland Municipality is very fortunate to be one of only three municipalities that form part of a provincial initiative in developing an ITP. We will also explore options to submit an application for external funding.</p> <p>Temporary shelters and the applicable road signs will be erected in Darling North in the current financial year. This was also liaised with the members of the association.</p> <p><b>Internal municipal action required</b></p> <ol style="list-style-type: none"> <li>1. <u>Strategic Services</u> Register the need of upgraded taxi facilities in Darling as part of the IDP and ITP process.</li> <li>2. <u>Department of Protection Services</u> <ol style="list-style-type: none"> <li>(a) Secure funding to conduct an impact assessment, and planning as part of the Provincial ITP.</li> <li>(b) Explore options to submit application for external funding.</li> </ol> </li> <li>3. <b>NEED FOR HOUSING AND SERVICED PLOTS. LACK OF HOUSING MEETINGS.</b> <ol style="list-style-type: none"> <li>3.1 The municipality serves the Swartland towns of Abbotsdale, Chatsworth, Darling, Kalbaskraal, Koringberg, Malmesbury, Moorreesburg, Riebeek Kasteel, Riebeek West, Riverlands and Yzerfontein. With each and every one of these towns, there is a dire and desperate need for housing of poor people. To date, the Municipality has made substantial progress in delivering permanent housing to persons in</li> </ol> </li> </ol>	
--	--	--	--	--

			<p>need thereof within its jurisdiction.</p> <p>3.2 Since, 1999, the Municipality has delivered 7100 houses and 1094 service sites at a total cost of R312 767 163.00 within its jurisdiction. Despite the Municipality's success to date, there still remains a dire need for housing. All applicants whom apply have been placed on a waiting list. I attach hereto marked "Annexure 2", a summary of that waiting list. The current housing waiting list amounts to 14 607. This is indeed reflective of substantial need for permanent housing.</p> <p>3.3 Housing delivery is done according to our approved Housing Pipeline, which are yearly updated and submitted to our Executive Mayoral Committee - it was done this year on the 23rd November 2018. There is also a sequence in which we implemented housing projects in the towns of Swartland, primarily due to the availability of funding from Department of Human Settlements and to spread the delivery of housing fairly between the various towns. It is always a challenge to meet the demands of our people on the waiting lists and the available funding from Department of Human Settlements. According to this approved pipeline, we plan a FLISP housing project consisting of 36 opportunities in 2019/2020 in Darling and a future project of ± 300 IRDP sites and houses. This project will be started or implemented after the Malmesbury and Moorreesburg projects, subject to Provincial funding.</p> <p>3.4 Meetings with the community on housing issues are normally done closer to the implementation of a project. We acknowledge the need of information sharing with communities on our housing planning and we suggest better communication with them through regular meetings with the ward committees and capacitating the ward committee member responsible for housing, to share it with the community.</p> <p><b>3.5 Serviced plots</b></p> <p>3.5.1 Swartland Municipality do not plan, according to our approved</p>	
--	--	--	---	--

Housing Pipeline, to provide service plots in the immediate future. The provision of serviced plots for llinge Lethu (Phola Park) and possibly some other areas was funded (and will be funded) from another source of funding in an attempt not to impact the normal pipeline delivery.

3.5.2 When we implement the next housing project, after the Malmesbury and Moorreesburg projects, we plan to do an integrated project, which will consist of houses, serviced plots, FLISP housing and possibly also social housing.

**4. LOWER ELECTRICITY TARRIFFS. WANT TO BUY ELECTRICITY DIRECT FROM ESKOM**

Municipal electricity tariffs are regulated by National Government through the National Energy Regulator of South Africa (NERSA) who issues guideline electricity tariffs on an annual basis. All electricity tariffs of Swartland Municipality are approved by NERSA. The relatively high electricity tariff increases that occurred since 2008 are attributable to high Eskom tariff increases as approved by National Government through NERSA. In an attempt to protect the residents of the Swartland municipal area against the exorbitant Eskom tariff increases as approved by National Government, Swartland Municipality has regularly through the years increased the electricity tariffs at lower levels than those of Eskom as indicated in the following comparison.

Year	Eskom Nominal	Swartland Municipality Nominal	% SM Lower
2008/2009	35.90%	22%	-13.90%
2009/2010	31.30%	25%	-6.30%
2010/2011	28.90%	24%	-4.90%
2011/2012	26.71%	20.38%	-6.33%
2012/2013	13.50%	11.03%	-2.47%
2013/2014	7.30%	6.80%	-0.50%

2014/2015	8.06%	7.39%	-0.67%
2015/2016	14.24%	12.20%	-2.04%
2016/2017	7.86%	7.64%	-0.22%
2017/2018	0.31%	1.88%	1.57%
2018/2019	7.32%	6.84%	-0.48%

In terms of the Constitution of South Africa municipalities are mandated and obliged to distribute electricity in their licenced areas of electricity supply. NERSA defines the licenced areas of electricity supply for municipalities and Eskom. Swartland Municipality has no control over the determinations of the Constitution or of National Government.

**5. WHEN WILL A HIGH SCHOOL BE BUILT IN DARLING**

The building of schools is a provincial competency. According to the Provincial Blue Book, Darling High School is scheduled for April 2021 to October 2022. The total cost of the project is approximately R70 000 000. Attached find a copy of the Provincial Blue Book, marked as Annexure 3.

**Internal municipal action required**

Strategic Services

- 14. Inform the Department of Education and Training accordingly.
- 15. 2. Arrange an engagement with the said department before 15 February 2019 to also inform them regarding the RSEP planning and engagements and the urgency for integrated planning.

**6. THEY COMPLAIN ABOUT THE COMMUNICATION PROBLEM AT THE CLINIC, NOT FOR THE XHOSA SPEAKERS, BECAUSE THE XHOSA PEOPLE DO NOT UNDERSTAND AFR**

Health is not a local government function, but a function of the Provincial Health Department. Swartland Municipality will contact the Department of Health on the matter to convey the need and complaint.

**Internal municipal action required**

			<p><u>Strategic Services 1.</u> 1. Inform the Department of Health of the above mentioned need</p> <p><b>7. THEY ALSO COMPLAIN ABOUT A COMMUNITY HALL IN DARLING EAST AND ALSO THAT THE COMMUNITY HALL IS NEVER AVAILABLE FOR COMMUNITY MEETINGS.</b> The construction of a community hall in Darling is not listed as a priority in the area plans for both wards 5 and 6, and is probably not regarded as such by the entire community since there is a community hall already. The hall, if not pre-booked, is available on a 'first come first served' basis to anyone and according to recent booking schedules is available quite freely and is in particular not overbooked during the week. Bookings, along with payment of the applicable tariff for meetings, must be made in advance at the Darling municipal offices. There are also facilities at the Gabriel Pharaoh sportsgrounds which may meet the purpose of community meetings, which facilities must also be <b>reserved in advance with the cashier at the municipal office.</b></p> <p><b>8. WAY FORWARD</b> 8.1 The names of the following people were provided via Councillor Maart: Chairperson Lulu - 078 905 9535 Deputy Chairperson Mabhasela - 078 774 2571 Secretary Johan Phangwa - 083 356 5894 Translator Archie Mbhele - 083 341 7451 8.2 As a point of departure: Councillors Rangasamy and Maart will provide you the information. 8.3 The request is also to elect a committee as representatives of yourself to engage with representatives of Swartland Municipality during the week of 21 January 2019</p>
