

STEPS TAKEN/TO BE TAKEN TO NOTIFY POTENTIALLY INTERESTED AND AFFECTED PARTIES

This section of the report is included in compliance with the Regulations. Potential I&APs were/will be notified about the project by:

1. Fixing a notice board at the boundary of the site in compliance with the Regulations. All relevant and required information will be displayed on the notice board. The notice board will contain the following minimum information (Size of Board 70 x 50 cm):
 - how to register as an interested and affected party;
 - the manner in which representations on the application may be made;
 - where further information on the application or activity can be obtained; and
 - the contact details of the person(s) to whom representations may be made.
 - the fact that the public participation process had commenced, that a basic assessment process will be followed, the dates within which they can register or send comments and what the proposed activity constituted, was displayed.
2. Giving written notice to owners and occupiers of the land and adjacent to the site where the activity is to be undertaken, the municipal councillor of the ward within which the site is located, the local municipality and those organs of state having jurisdiction in respect of any aspect of the project as required by the Regulations.

Notices will be sent via registered mail to the owners and occupiers of land on and adjacent to the site where the activity is to be undertaken. The notice informs them of any public meetings to be held, requests them to register as Interested and Affective Parties (I&APs) and invite them to provide written comments together with the reference number, their name, contact details and an indication of any direct business, financial, personal or other interest which they have in the application to the contact person indicated within 30 days from the date of the notice.

Documents pertaining to public participation are also available for review on our website at www.ecoimpact.co.za/public-participation

3. Placing an advertisement in a local newspaper in compliance with the Regulations. An advert will be placed in the local newspaper notifying the public of the proposed development and inviting them to register as Interested and Affected Parties within 30 days.
4. Lists of Identified and Registered Interested And Affected Parties
This list includes the potential as well as the registered Interested and Affected Parties. The list of parties who were identified as potential I&APs as per the requirements of the Regulations and the list of parties who requested registration as an I&AP, and who are registered on the I&AP database for the project as required in terms of the Regulations will be provided. A Comments and Responses Report from registered I&AP's will also be included.

The following Key Departments and Organs of State will also be included as registered I&APs:

Cape Nature
South African National Parks
National - Department of Environmental Affairs
National – Department of Environmental Affairs Oceans and Coasts
DEA&DP: Development Facilitation
DEA&DP: Biodiversity and Coastal Management
DEA&DP: Development Management

DEA&DP: Waste Management
DEA&DP: Pollution and Chemicals Management
Breede-Gouritz Catchment Management Agency
National Department of Agriculture, forestry and Fisheries
Western Cape Department of Agriculture
Heritage Western Cape
Overberg District Municipality

5. Workshop with Key Role players

No public participation meetings are planned at this stage

Proof of all steps taken as mentioned above will be provided within the report during the next phase of the basic assessment process.

NOTICE TO BE SENT TO NEIGHBOURS, POSTED ON SITE AND PLACED IN LOCAL NEWSPAPER

PUBLIC PARTICIPATION PROCESS

PROJECT TITLE: PROPOSED UPGRADE AND EXPANSION OF THE COASTAL ACCESS ROAD FROM L'AGULHAS TO SUIDERSTRAND

Notice is given of the public participation process commenced by the Cape Agulhas Municipality which proposes to pave the current ± 5 km long and ± 8 m wide gravel coastal access road from L'Agulhas to Suiderstrand. The road width will also be expanded by 2.5m (2.5m paved sidewalk on the coastal side) to a total width of 10.5m.

Along the 5km route there are three sections which fall within 100m from the high-water mark area for which environmental authorisation is required before the development can continue:

- Section 1: ± 820 m (± 710 m of this section has already been paved during the past year but is proposed to be expanded by 2.5m in width [paved sidewalk on coastal side]) Expected construction footprint = 4905m^2 ; final development footprint = 2945m^2 and total infill material = 1031m^3
- Section 2: ± 612 m Expected construction footprint = 8874m^2 ; final development footprint = 6426m^2 and total infill material = 2249m^3
- Section 3: ± 400 m Expected construction footprint = 5800m^2 ; final development footprint = 4200m^2 and total infill material = 1470m^3

Location

The proposed road to be upgraded is the current 5km (mainly gravel) road off L'Agulhas Main Road starting at the Cape Agulhas Lighthouse and ending at the entrance to Suiderstrand. The relevant three sections which falls within the 100m from the high-water mark area are located on the following properties - 4/281; 20/281; 21/281 and 58/281.

Listed Activities as per NEMA EIA Regulations, 2014 (as amended 2017)

Activity No(s):	Provide the relevant Basic Assessment Listed Activity(ies) as set out in Listing Notice 1 (GN No. R. 983) 4 Dec 2014 (as amended by GN 327 on 7 April 2017)
17	Development— (v) if no development setback exists, within a distance of 100 metres inland of the high-water mark of the sea or an estuary, whichever is the greater; in respect of— (f) infrastructure or structures with a development footprint of 50 square metres or more
19	The infilling or depositing of any material of more than 10 cubic metres into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10 cubic metres from (iii) a distance of 100 metres inland of the high-water mark of the sea

19 A	The infilling or depositing of any material of more than 5 cubic metres into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 5 cubic metres from— (ii) a distance of 100 metres inland of the highwater mark of the sea
54	The expansion of facilities— (v) within a distance of 100 metres inland of the high-water mark of the sea; in respect of— (f) infrastructure or structures where the development footprint is expanded by 50 square metres or more,
Activity No(s):	Provide the relevant Basic Assessment Listed Activity(ies) as set out in Listing Notice 3 (GN No. R. 985) 4 Dec 2014 (as amended by GN 324 on 7 April 2017)
12	The clearance of an area of 300 square metres or more of indigenous vegetation i. Western Cape iii. Within 100 metres inland from high water mark of the sea
Activity No(s):	Provide the relevant Scoping and EIR Listed Activity(ies) as set out in Listing Notice 2 (GN No. R. 984 as amended by GN325) 4 Dec 2014 (as amended by GN325 on 7 April 2017)
	NA

Exemption: No application for any exemption is sought.

Opportunity to participate: Interested and Affected Parties are invited to register interest within the process, or provide written comments to Eco Impact within 30 days of this notice. The project title, your full name, contact details, plus indication of any direct business, financial, personal or other interest you may have in this application must please be provided and fully described.
